PREFACE.

BY kind permission I am allowed the honour of dedicating this little work, "Our Volunteers in the North-West," to the Hon. Mr. A. P. Caron, Minister of Militia of the Dominion, a gentleman of whom it may be said—

"He dares do all that may become a man,
Who dares do more, is none."

The object of my labour has been to perpetuate amongst their friends and the public, the names of those brave men who have so nobly answered to the call to arms and placed their lives and services at the disposal of their Queen and country. The work purports to be a list of the officers, non-commissioned officers and men, by regiments, troops, batteries, and companies, now on active service in quelling the unhappy disturbances in the North-West Territories of the Dominion of Canada. I have taken every precaution to obtain reliable information from headquarters of corps, and humbly trust my efforts will meet with the approval and support of the volunteers and the public generally.

HORACE G. DUNLEVIE,

Late 1st Batt. G. G. Foot Guards,

COMPILER.

DR. AUSTIN'S PHOSPHATINE

CURES ALL NERVOUS DISEASES.

If you are a professional man, so thoroughly overworked that every mental effort is attended with a sense of weariness followed by headache and more or less severe nervous prostration—take PHOSPHATINE every day for a week or more.

If you find that you are unable to sleep nights, and though physically tired are wakeful, and your business is uppermost in your mind, and you cannot for awhile rid yourself of its cares and perplexities—take PHOSPHATINE in the same way for a month or more.

If you are afflicted with *neuralgia*, and the cause is evidently some disturbance of the digestive function, accompanied by obstinate constipation—take on the first night of treatment, a dose of *compound rhubarb pill*, to dislodge all obstructions, and then, for as long as it seems necessary, make use of PHOSPHATINE, just after meals.

If you are afflicted almost daily with nervous headache, PHOSPHATINE is what you need, most decidedly.

If, after smoking, you suffer any immediate ill consequences, you may easily counteract them, as well as neutralize the absorption of the nicotine, by swallowing a dessert spoonful of PHOSPHATINE diluted with water.

So striking is the power of PHOSPHATINE to calm nervous excitement and overcome nervous prostration, that many people have supposed it to contain opium in some form, but this is entirely a mistake.

FOR SALE BY ALL DRUGGISTS.

What the Rev. A. T. Green, of Port Hope, has to say.

NOTMAN PAD CO., Toronto.

PORT HOPE, October 31st, 1883.

GENTLEMEN,—For a long time my stomach and liver have troubled me very much, and for eighteen months I have had chronic inflammation of the liver, during which time I constantly grew worse until I was confined to my bed for weeks, having chills and fever three or four times each day. My skin was yellow. My stomach ceased to act, and I wasted away to a mere skeleton. Medical men were unable to help me. Patent medicines did me no good. On the 25th of July, when my friends as well as myself had given up hope, I was persuaded to try one of your Pads. In three days it cured the chills and fever, and made me feel much better. This improvement continued until I felt quite well in every way except my stomach, which, though mending and better than it has been for years, is not entirely cured. From my experience, and what I have heard of your Pads, I strongly recommend them to all suffering from troubles of the stomach, liver, or bowels.

REV. A. T. GREEN, Methodist Minister.
